

NET ZERO CARBON SUMMIT 2023

Net Zero Emissions • Energy Efficiency • Resource Optimisation • Carbon Offset

APRIL 26, 2023 • GRAND HOTEL BUCHAREST

Join us on **April 26, 2023** to share perspectives on the path to zero carbon, learn about organizations best practices and explore ways to collaborate on the journey to NET ZERO.

Sustainability leaders will debate on the social, health and economic benefits of zero carbon and zero energy projects, exploring structures, models and pathways for developing decarbonized projects, including ESG investments and the economic and environmental value of achieving operational carbon reductions.

NET ZERO CARBON SUMMIT 2023

Net Zero Emissions • Energy Efficiency • Resource Optimisation • Carbon Offset

PRELIMINARY AGENDA

09:00 - 09:30 - Participants registration and welcome note

- **Adrian Ion** - General Manager **GovNET Romania**

09:30 - 10:30 Driving Decarbonization - Mapping out the Carbon Reduction Plan

Opening Keynote

- **László BORBÉLY** - State Counselor, **Coordinator of the Department for Sustainable Development**

Topics in this session:

- Decarbonization targets and industry trends - understanding goals & priorities to reduce carbon footprint
- What measures of carbon footprint reduction are the best option in the current context - exploring the most cost-effective approaches to reduce emissions
- Establishing standardized in-house best practices and integrating data into day-to-day decision-making
- Climate reporting under the CSRD

10:30 - 11:30 Key Metrics to Measure and Analyse the Journey to NET Zero

Topics in this session:

- Reporting accurate results to clients & investors - How to avoid green-washing
- The role of ecological public procurement in achieving the objective of climate neutrality - Report Romania
- Decarbonisation Strategies and Science Based Targets
- Highlighting the sustainability drivers of pursuing low-carbon projects
- Analyzing the cost model for low-carbon projects: What is the true cost and what factors may offset higher spending?

11:30 - 12:00 Networking Coffee Break

12:00 - 13:30 Engaging Organizations and Suppliers in Aiming for Net Zero

Topics in this session:

- Collaborating with suppliers to decarbonize the value chain- getting to Scop 3
- Net zero carbon pathways and frameworks for real estate
- Creating a culture that prioritizes decarbonization to embed climate change issues into your corporate strategy
- Understanding how to offset carbon: How do you get reputable offsets and how can you finance them?
- What are the trends and the goals companies create for their ESG, supply chains and customer communication?

13:30 - 14:30 - Networking Lunch and Individual Meetings
